

Language sample

A language sample records the language used in an interaction and can include both verbal and non-verbal communication. You can use a transcription of a video or an audio recording of the interaction.

To apply for High Learning Support Needs funding under the Disability and Inclusion Program, observations demonstrating the frequency, intensity and duration of the concerns should be made across the preschool routine.

The NSW Department of Education has developed a series of **optional** templates to assist community preschools to make observations. Community preschools may wish to use the templates to support an application for High Learning Support Needs Funding under the Disability and Inclusion Program. **Use of the templates does not determine the application outcome nor eligibility for funding.**
