

Acknowledgement of Country

We acknowledge the Nyangbul people of the Bundjalung Nation who are the Traditional Custodians of the land on which this event is being held. We would like to pay our respect to the Elders both past and present, and extend that respect to other Aboriginal and Torres Strait Islander People present this evening.

Title: Ceremonies

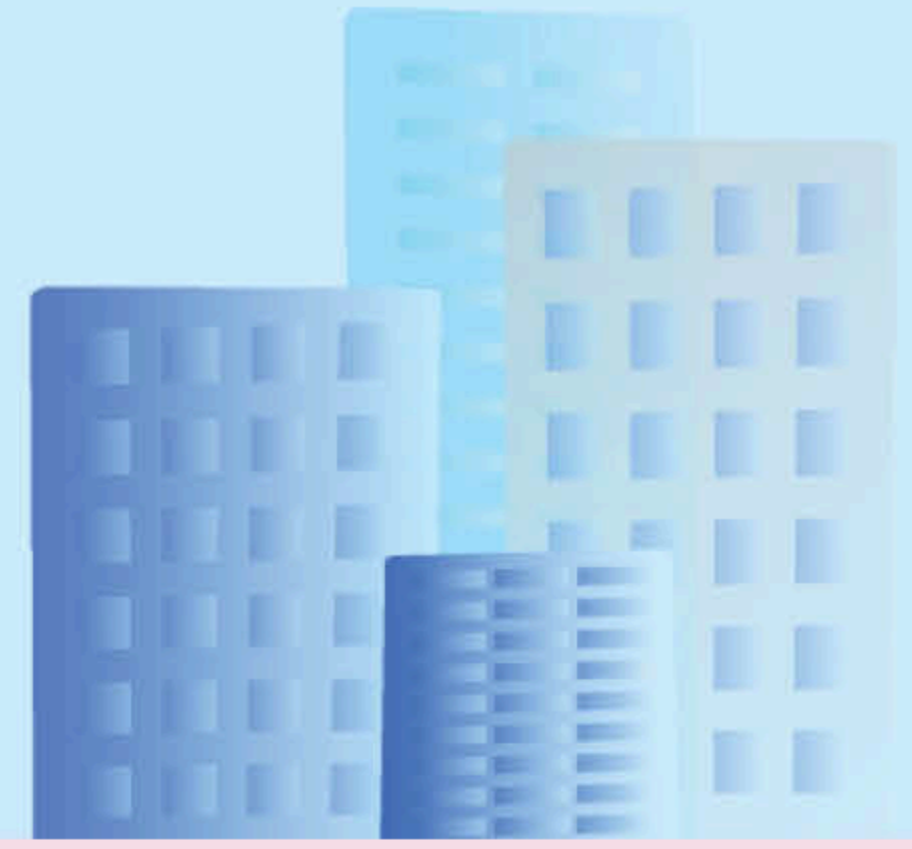

Artist: WUPA Artist - Craig Layer

The main circle in the centre represents the Jobs Together Program and like an important meeting place draws others to it. The circles attached to it are other support mechanisms associated with the program such as our communities and Aboriginal mentors.

The three symbols above and below the main circle represent our elders and their cultural knowledge and how important it is that Aboriginal culture be central to the success of the Jobs Together Program.

The three dotted lines going into and coming out from the circles represents both the journey taken by Aboriginal people as they endeavour to find education and employment pathways as well as being a threefold cord that is hard to break and symbolises the strength that comes from having Aboriginal and Non Aboriginal working collaboratively together.

Message from the Regional Manager

North Coast & Mid North Coast

On behalf of the 2026 North and Mid North Coast Training Awards, it is a pleasure to welcome you to this evening's celebration in Lennox Head, where we come together to honour excellence in vocational education and training across our region.

We acknowledge the Nyangbul people of the Bundjalung Nation, the Traditional Custodians of the land on which we gather, and pay our respects to Elders past, present and emerging. We recognise the enduring connection of First Nations people to this land and its continuing significance.

Tonight, we celebrate the achievements of individuals and organisations shaping the future through Vocational Education. With over 7,000 apprentices and trainees in the North Coast and Mid North Coast region – and more than 95,000 across New South Wales – our finalists exemplify dedication, skill and the drive to succeed.

These accomplishments are made possible by the unwavering support of TAFE NSW, private training providers, schools, employers, and community partners, whose contributions are vital to every learner's journey.

To our finalists: your determination and passion are truly commendable. Regardless of the outcome tonight, you stand as leaders and role models in your field.

Congratulations to you all and thank you to everyone involved in supporting the future of our workforce and communities.

Meet Our Masters of Ceremonies

Helping us celebrate tonight are our fantastic Master of Ceremonies — passionate ambassadors for Vocational Education and Training. Having undertaken their own VET journey, they embody the transformative power of vocational education and are proud representatives of its impact.

Sally Ford

Experienced and agile, this enthusiastic, and active teacher delivers a diverse range of VET programs including Agriculture, Horticulture, Hospitality and Food and Beverage. Sally’s employer Rivers Secondary College, Richmond River High Campus has highlighted her outstanding delivery of Primary Industries.

Sally juggles multiple roles within the school community with confidence including Technological and Applied Studies (TAS) Head Teacher, accomplished Classroom Teacher including VET courses, School Community Connections Coordinator, Show Team Coordinator, and School Farm Manager.

Sally is a motivated, compassionate, supportive teacher who strives to achieve the school motto “Inspiring Learning for Life Long Success”.

Colin Taranto

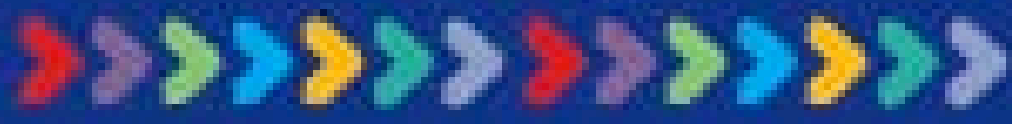

Colin Taranto offers a wealth of expertise, a commitment to evolve with the industry and unwavering dedication to his students. As a trainer in Timber Systems Design, he goes the extra mile to ensure the highest standard. With 39 years’ experience working across a range of timber manufacturing and design roles, Colin offers foundational knowledge while delivering up-to-date information.

“Staying current with ever-changing technology, equipment and Australian Standards is key to developing assessment tools aligned with today’s practices,” says Colin.

Colin’s forward-thinking approach put him on the front foot when Covid disrupted face-to-face learning as he’d already been using video calls to deliver training sessions to trainees in various locations. “I was developing this pre-Covid, so when Covid arrived it was business as usual,” says Colin. But where Colin shines is his level of commitment. “Supporting learners on their journey is critical to a successful outcome for both parties. It’s about building the relationship, rapport and trust we need over an 18-month period.”
