

School Based Apprenticeships & Traineeships in NSW

EMPLOYERS

TAKE ON TOMORROW

Future-proof your business by custom-training your next generation of workers.

The School Based Apprenticeships and Traineeships in NSW program offers support to help you take on and train a senior school student to suit your business.

Your apprentice or trainee will undertake a combination of industry-specialised training and one day per week in your paid employment, whilst undertaking the HSC.

School based apprentices complete the first stage of a trade qualification by the end of their HSC year. Trainees complete an initial qualification by the end of Year 12.

The benefits

- > A part-time apprentice or trainee will contribute to your business growth and develop the skills base of tomorrow.
- > Training costs are minimised and financial incentives make school based apprenticeships and traineeships a viable employment option. You can expect a tailor-made worker trained and available full-time after their HSC.

- > Flexible training arrangements mean you can negotiate the training program with your nominated registered training organisation.
- > Your trainee or apprentice will be trained in a nationally recognised qualification.

Employer's responsibilities

- > Provide a safe working environment.
- > Provide an induction and orientation program.
- > Provide the opportunity for the student to acquire the skills and knowledge in their vocation or trade.

More information

Contact your nearest Training Services NSW regional centre or Apprenticeship Connect Australia provider [see over].
