

PDHPE PROGRAMMING FRAMEWORK

TEACHING AND LEARNING PROGRAMS SHOULD:

Meet NSW Education Standards Authority (NESA) requirements.

Allow for the progressive development of student knowledge, understanding and skills

Reflect student needs and evidence based learning and teaching.

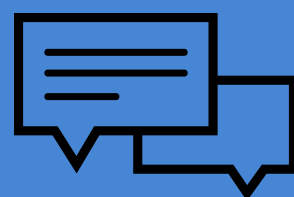

IDENTIFYING STUDENT NEEDS

Step 1 - Collect localised evidence

Step 2 - Compare national and state research to local evidence

Step 3 - Prioritise the strengths and needs of your students

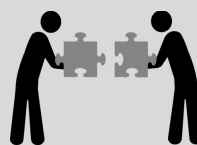

CREATING EVIDENCE BASED TEACHING AND LEARNING PROGRAMS

Step 4 - Create a unit of learning framework

Step 5 - Map relevant syllabus content to the unit of learning framework

Step 6 - Embed skills within and across domains

Step 7 - Develop meaningful learning experiences

ASSESSMENT AND EVALUATION

Step 8 - Plan for quality assessment

Step 9 – Review and evaluate
